

### TAKTEC® GLASS PROTECTOR USER GUIDE AND WARNINGS

- Simple to apply and remove. Do not leave applied for more than 30 days.
- Please avoid storing at extreme temperatures.
- Manufactured to suit most glass/high gloss surfaces that are free from dust. Always test on a non critical area first.
- **DO NOT USE** on any painted or varnished surface.
- **DO NOT USE** on any damp surface or any surface that needs to breathe/cure.
- It is the purchaser/user's responsibility to check suitability for the use of this product and therefore assumes all risk in connection with its use.
- Taktec® Glass Protector is a single use product.
- Taktec® Glass Protector may in certain situations leave a residue. This can easily be removed using warm soapy water.
